Golden Bee Import Export Company Limited

A Fairy Tale Of Fruit

About us

Golden Bee is a global company for being at the forefront of fresh produce global purchase. We are committed to delivering the highest quality tropical fruits to consumers in the world. We are proud that our company brings Vietnamese fresh fruits and vegetables to numerous countries such as the Europe, Canada and USA, Oceania, Middle East and Southeast Asia.

Farm and Facility

We take care any single step of processing

We focus on farming. We are owning more than 30-hectare farms and cooperating with farmers for 200 hectares more which are cultivated under Global GAP standards.

We control transportation during whole process. We ensure that fruits will be kept cool from farms to packing house. It's a key factor to keep shelf-life of fruits longer. By our own container trailer, it makes us control fruits temperature cooling continuously from packing houses to ports.

We set up packing house in optimal places. Our main packing house is located in Tien Giang province, Mekong Delta - a kingdom of fruits in Vietnam. We built it there in purpose of cutting short time of delivery fruits from farms to our packing within 12 hours to keep its best freshness. Another packing house in Ho Chi Minh city is very near the airport which is set up as connected station for produce from many regions. That's why we can easily diversify our range of products to meet any requirements of customers.

**WHY
choose us**

Global GAP & Food Safety Certified

Our company has focused on achieving the highest possible standards in produce and obtaining all of the necessary certifications such as Global GAP, GRASP and ISO for a sustainable development of agriculture. Our goal is to bring safe and healthy fruits to consumers and contribute to society.

Premium Fruits By Air & By Vessel

We have been doing production at high standards with competitive cost. By opening packing house at main harvested regions, we will finish processing within 12 hours after harvesting to keep fruits maintain its freshness. We well control whole production circle from farms to ports which are best way to prolong fruits' shelf life.

WHY choose us

Whole Year Round & Diversified Supply

We are owning and cooperation with many farms which can ensure product availability to supply our customers for 52 weeks a year. Farming in best location which fit for each species of fruit, we crop very good quality and best taste products which make great satisfactions to all customers from wholesales markets to supermarket and stores.

Fast & Efficient Customer Service

We commit to provide you delight services. Our qualified and courteous staff is always available to customers for any type of requirements. By our experience on this field, we well know about markets demand and how to keep fruits at its freshness.

Trendy Innovation Update

We constantly keep motivations and updates. We step by step diversify our products and its packing which is more convenient for consumers.
